

The West Hartford Dog Park Coalition has proposed to the Town of West Hartford setting up a temporary dog park in Beachland Park. The park would open in approximately December 15, 2019, assuming Zoning approval at the December meeting, and would be closed and approximately March 15, 2020 so as not to interfere with other activities in the park that will start in April. The WHDPC will pay for temporary construction fencing to be rented to enclose the dog park.

This dog park would **not** be a pilot for a permanent dog park at this location. It's purpose is to provide recreation for our canine citizens during a period when the Town parks are underutilized. Hopefully it will have the added benefit of demonstrating what a dog park is, which would be useful when a permanent park is finally under zoning consideration.

Location and size:

The location would be in the lower area, close to Trout Brook, beyond the soccer field:

The total area enclosed will be approximately 2/3 to 3/4 acre, depending on the amount of fence that can be rented and the final layout.

This location was selected because it is already an area where dogs and their owners congregate. It is surrounded by a buffer of trees. It is an area that even in the summer is not heavily used, although it is adjacent to the soccer field, which is unused in the winter.

Operation:

Day to day, the dog park would operate like a permanent dog park. It would not be staffed. The WHDPC will provide at least one sign with rules posted. A picture of the Rules sign we have is attached.

There will be no obligation on the Department of Public Works to clear snow. Town department work loads will not be impacted in any significant way.
